## Employment History

intern, Prima Think Technologies pvt. Ltd, Amravati

AUGUST 2022 – SEPTEMBER 2022

During my internship, I gained valuable insights into front-end development and familiarized myself with the Netlify cloud platform. I also delved into project management principles.

In terms of technical skills, I acquired proficiency in HTML and CSS. As part of our project, titled "Prima Chennai Point," we designed a comprehensive platform showcasing various tourism spots, hotels, colleges, and showrooms in Chennai.

## Education

Polytechnic Diploma, Dr. Panjabrao Deshmukh Polytechnic Amravati,  
Amravati

JUNE 2020 – JULY 2023

During my polytechnic diploma, I acquired proficiency in several technologies, including C, C++, Core Java, Advanced Java, MySQL database, Android development in Java, Python, and VB.NET.

Bachelor of Engineering, K.D.K College of Engineering, Nagpur

SEPTEMBER 2023 – SEPTEMBER 2026

I am currently pursuing a degree in Computer Science and Engineering after completing my diploma.
